Carefree Travel Group

UNIGLOBE Complete Flight Tracking Benefits

Traveler Benefits

Risk Reduction - Proactive re-accommodation gets travelers to their destination on time

Stress Reduction - Travellers know that they are being taken care of.

Smoother Trip - With traveller messaging, you are always aware of your trip status.

Higher Productivity - You can concentrate on the deal rather than the journey & depend on messages from [UNIGLOBE Carefree Travel](#) to keep you informed.

Travel Department Benefits

Clear Visibility - Easier tracking of all global travelers through a comprehensive web-based display.

Early Awareness - Prompt notification of threatened flight connections which makes finding solutions much less complex.

Lower Costs - Improved department productivity through reliable monitoring.

Greater Customer Satisfaction - Agent assistance consistently exceeds traveler expectations

Corporate Benefits

Lower Travel Costs - Better recovery from delays & cancellations, reduction in change fees & fewer extra hotel stays.

Lower Administrative Costs - Gain travel department efficiencies through pro-active monitoring and response.

Lower Employee Attrition - Reduce employee burnout from travel stress ("air wear")

Higher Sales Revenue - Improved travel outcomes and fewer missed opportunities
